invite you to the
2006
SANTANA 20
CLASS CHAMPIONSHIP REGATTA
August 7 - 11, 2006

For those of you that have never been to South Bay before, you are in for a treat! No swells, no kelp, no anchored ships. It is the ultimate windward-leeward racing venue in San Diego, located just a few hundred yards off the Silver Strand Beach that separates San Diego Bay from the Pacific Ocean. South Bay has been the site of many championship level regattas.

The event promises to be one not to miss with great racing conditions, the hospitality of Coronado Yacht Club with its breathtaking views, generous bartenders, and the most social members around.

Please visit the Santana 20 Class website at www.s20.org for complete entrant's package, lodging information, etc.
