The Santana 20

2007 National Championship Regatta

June 18 - 22, 2007

Lake Keystone, Sand Springs, OK

Santana 20 fleet 37 is proud to host the 2007 National Santana 20 Championship at their home, Windycrest Sailing Club on Lake Keystone, Sand Springs, OK. We are excited because 2007 is also our centennial celebration for the state of Oklahoma.

The Venue - Windycrest is set in the beautiful Osage Hills and is on the Arkansas River arm of Keystone Lake. WSC is a club of 285 member families in several fleets from Sunfish to Catalina 27s. The club has hosted two Catalina 22 nationals and received the St. Petersburg Trophy for Regatta Excellence. In addition WSC has been the venue for many regional and ladder events. The lake area to be used for the regatta has very little additional traffic and is close to the club. Boats will be trailer launched and kept in the water after the first days racing. There are ample tie up docks for the boats. The club has plenty of camping, 5 RV spaces (no sewers), and showers and restrooms on site. Housing will be made available upon request in club member's homes. Motels and state parks are also available. Our Windycrest club internet site is www.windycrest.com. Check us out. A regatta site with specific details will be ready in 2007.

Vacationing and Area Entertainment - There are entertainment opportunities for those family members who will not be sailing. The Tall Grass Prairie Preserve with thousands of Buffalo on the open range, the Gilcrease Art Museum with the finest collection of southwestern art, the musical "Oklahoma" presented on an outdoor stage, etc. are all in the area. Downtown Tulsa is only 25 minutes to the East with all kinds of music and food from Barbeque to Sushi.

The Regatta - We are planning a great regatta schedule. Monday will be check in day and measuring. Tuesday will be check in and practice races. Racing commences Wednesday, with the regatta finishing up on Friday. We will have awards for the top 10 finishers. So bring your boat, your crew and your lounge chairs for a great time! You will love our beautiful Oklahoma sunsets.
