

2007 Santana 20 Class Championship Registration and Measurement Checklist

Skipper's Name _____ (Print NEATLY), Boat # _____

On behalf of Windycrest Sailing Club and Santana 20 Fleet 37, welcome to the 2007 Santana 20 Class Championships.

In order to smoothly process your entry and ensure rules compliance by all competitors, please complete this form and have the measurer (or his representative) sign off on this form where required. Once this form is completed and approved by the Registration Staff, you will be an Official Entry in this regatta.

I. The following is to be completed by each boat's skipper.

(Initial on each line when completed as required)

1. My boat's current Measurement Certificate will be aboard my boat at all times during the regatta. My boat is as stated on my measurement certificate, **including any required weight being on board.** _____
2. My keel and rudder have NOT been changed in any way since my certificate was issued. **If either has been changed or modified, then the measurer must re-measure them and sign off here.** _____
3. All required floorboards, binboards and hatches will be aboard during this regatta. The boat's lifting sling must remain aboard if it is part of the equipment that was aboard when the boat passed its "Float Test". _____
4. My boat's bow and rudder "Float Marks" are clearly visible. If you need to put float marks on here, they must be approved by the regatta measurer. _____
5. I certify that I am sailing my boat in compliance with the current Santana 20 class rules and I understand that I may be spot-checked during the regatta for compliance. _____

II. The following is to be completed by the measurer (or his representative):

I have approved the following sails for racing (one main, genoa, spinnaker and jib)

Main _____ Genoa _____ Spinnaker _____ Jib _____
